Application

This self-leveling cantilever style tray and silver dispenser is offered in one model, the single stack.

This self-leveling cantilever style tray and silver dispenser can be found on tray lines, in the front or back-of-the-house, or any place your needs require.

Construction

The lifting mechanism is equipped with a full complement of stainless steel extension springs that can be easily disconnected to adjust the lifting rate. A removable stainless steel carrier arm provides bottom support for trays being dispensed.

The base is fabricated of stainless steel and reinforced with heavy gauge hat channels. It has four 5" heavy-duty non-marking swivel casters (2 with brakes) are securely mounted to the base and a non-marking bumper is attached at each corner.

The pylon is fabricated of stainless steel, welded to the base and lifted with a stainless steel tubular push handle.

The top mounted silverware holder is fabricated from stainless steel with a No. 4 finish and includes plastic silverware cylinders.
