CUSTOM WORKTABLES

CATALOG NO. 9371

**See Back for Descriptions of Options**

## OVERALL DIMENSIONS:

**Standard Working Height:** 36"

**Standard Widths:** 24", 30", 36"

**Standard Lengths:** 36", 48", 60", 72", 84", 96", 108", 120"

## TOP:

Constructed of 14 gauge, 300 Series stainless steel (optional 16 gauge) top, with all edges turned down 90°, with 2" flange. Underside reinforced with heavy gauge galvanized hat channels with vinyl cushion between channels and underside of top for sound-deadening.

## ADJUSTABLE UNDERSHELF:

Heavy gauge galvanized or stainless steel. Lock in place with set screws at any height. If adjusted to less than 6" from floor, tables will not be NSF approved. Can be ordered welded integrally to table.

## CROSS BRACING:

1-5/8" O.D. stainless or galvanized steel tubing formed to provide tight, sanitary contact with legs at rear and sides, leaving front of base open. 10" from floor, held to legs with slotless, contour-head bolts. Can be ordered welded integrally to table.

## LEGS:

Galvanized leg sockets welded to hat channels. 1-5/8" diameter, galvanized tubular legs fitted with adjustable plastic bullet feet, or stainless steel tubular legs fitted with adjustable stainless steel bullet feet. As option, galvanized legs may be fitted with stainless steel feet. Tables 96" or longer, with adjustable undershelves, to have 6 legs. Also available mounted on NSF approved 5" diameter swivel casters, two with locks, in lieu of adjustable feet.

**WEIGHT:** *Approximately 11 lbs. per square foot. CRATED*

## OPTIONS

1. Welded Base - Undershelf or Crossrails to be of similar materials as legs - **TABMOD-1 (4-LEGGED) /TABMOD-1A (6-LEGGED)**
